Audit highlights

No matters to report

Matters to report – see link for details

Status

We have completed the audit of the audit of the financial statements, with the exception of certain remaining outstanding procedures, which are highlighted on the 'Status' slide of this report. 

Significant changes

Significant changes since our audit plan

Risks and results & Significant unusual transactions

Significant risks 

- Presumed risk of management override of controls

Other risks of material misstatement 

- Government Contributions
- Tangible Capital Assets (new building developments and redevelopments)

Significant unusual transactions

Policies and practices & Specific topics

Accounting policies and practices 

Other financial reporting matters

Misstatements - uncorrected

Uncorrected misstatements

- There are no matters to report.

Misstatements - Corrected

Corrected misstatements

- There are no matters to report.

Control deficiencies

Significant deficiencies 

- We did not identify any control deficiencies that we determined to be significant deficiencies in internal control over financial reporting.

Independence

Independence Confirmation 

Status

As of the date of this report, we have completed the audit of the financial statements, with the exception of certain remaining procedures, which include amongst others:

- Receipt of legal confirmation responses
- Completing our discussions with the Hospitals and Housing Committee
- Obtaining evidence of the Board of Director's approval of the financial statements
- Obtaining a signed management representation letter
- Completing subsequent event review procedures up to the date of the Board of Director's acceptance of the financial statements

We will update the Hospitals and Housing Committee, and not solely the Chair, on significant matters, if any, arising from the completion of the audit, including the completion of the above procedures.

A draft of our auditor's report is provided

Significant risks and results

We highlight our significant findings in respect of **significant risks**.

Fraud risk from management override of controls

RISK OF

ERROR FRAUD

Significant risk

This is a presumed fraud risk. Management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Although the level of risk of management override of controls will vary from entity to entity, the risk nevertheless is present in all entities. We have not identified any specific additional risks of management override relating to this audit.

Our response

Our procedures included:

- testing of journal entries and other adjustments,
- performing a retrospective review of estimates,
- evaluating the business rationale of significant unusual transactions.

Significant findings

- There were no issues noted in our testing.

Other risks of material misstatement and results

We highlight our significant findings in respect of **other risks of material misstatement**.

Government Contributions

Other risk of material misstatement

CRHC is undertaking a significant capital program of purchasing or building new developments and redeveloping existing buildings. The capital program involves significant capital asset expenditure and significant non-recurring funding. Funding agreements can have unique conditions which can impact timing and value of revenue recognition in the financial statements.

There were 9 building developments or redevelopments underway during 2025, including Caledonia, Carey Lane (building envelope remediation), Campus View, Village on the Green, Pandora, Swanlea, McKenzie, Verdier, and Cedar Hill.

Government contributions revenue of \$29.2M was recognized, comprised of grants and forgivable loans to fund development projects that will result in affordable housing units. During the year, CRHC received \$14.9M in short-term financing, which will be converted to mortgages upon completion of the development projects. In addition, CRHC entered into a Master Development and Pre-Construction Funding Agreement for the Cedar Hill affordable housing and library project.

Our response

- We updated our understanding of the process activities and controls over government contributions.
- We obtained and reviewed material funding agreements and assessed management's accounting analysis for recognition of such funding, including assessing funding as forgivable loans, mortgages or government grants.
- We assessed revenue recognition in accordance with the requirements of public sector accounting standards including government transfers.

Significant findings

- There were no issues noted in our testing.

Other risks of material misstatement and results

We highlight our significant findings in respect of **other risks of material misstatement**.

Capital Assets (new building developments and redevelopments)

Other risk of material misstatement

Capital additions during the year were approximately \$41.5M. The Caledonia project was completed during the year and started amortizing. CRHC recognized a loss on disposal of \$1.2M relating to the Campus View, Village on the Green, and Oakwinds properties, as well as the relevant ARO cost associated with demolition of Verdier. The Campus View, Village on the Green and Verdier properties were disposed of as part of planned redevelopment projects, whereas Oakwinds was disposed of due to expiration of lease and operating agreement. A realized gain of \$1.9M was recognized relating to ARO costs on buildings disposed of being less than the estimated costs initially recorded.

Our response

- We updated our understanding of the process activities and controls over new building developments and redevelopments.
- We reviewed Board meeting minutes and performed inquiries with management to obtain an understanding of the status of all new developments and redevelopments, including any remaining commitments under the Regional Housing First Program.
- We obtained and reviewed the contracts and agreements for each new material building and assessed the appropriateness of capital additions, including testing a sample of capital additions incurred during 2025 to bank statements, contractual agreements and 3rd party invoices.
- We assessed management's process for updating assets and liabilities for remediation work completed in the year, new liabilities identified and revaluation of AROs from new information obtained or passage of time since initial recognition.
- We assessed management's accounting and disclosures for the developments including activities related to new buildings as they become available for occupancy and commitments related to future capital construction.

Significant findings

- There were no issues noted in our testing.

Other procedures performed

Cash, investments and debt

Response and findings

- We confirmed the balances with the respective financial institutions.
- We tested subsequent payments to determine if they were recorded in the correct accounting period.
- There were no issues noted in our testing.

Revenue and expenses

Response and findings

- We completed a test of details over tenant revenue, comparing a sample of revenue recognized for new buildings to cash receipt and supporting agreements.
- We completed analytical procedures over expenses by developing an expectation based on prior year and budget and comparing to our expectation to actual.
- Salaries and wage expense included testing internal controls over management review of payroll expense as well as comparing actual to prior year.
- A sample of new subsidized tenants was tested to determine if the subsidized tenant selection process was followed to verify qualification and ordering of tenant selection.
- There were no issues noted in our testing.

Other procedures performed

Concluding and reporting

Response and findings

We performed the following procedures as part of the overall conclusion and reporting phases of the audit:

- Evaluated management bias in the preparation of financial statements, based on patterns in the selection and application of accounting policies and principles.
- Financial statement presentation and disclosure was evaluated for compliance with accounting standards and comparability to industry leading practice, for example financial reporting award requirements of Government Finance Officers Association International.
- Legal exposure and estimates of contingency provisions were evaluated against supporting documentation including direct confirmation with external legal counsel.
- Disclosures in the financial statement notes were evaluated for completeness based on our knowledge of the Entity's ability to continue as a going concern, related party transactions, future contractual commitments and events occurring after year end.
- Deficiencies in internal control and other control observations were discussed with management, and if significant, communicated to the Board through a separate communication entitled Management Letter.

Significant accounting policies and practices

Initial selection of significant accounting policies and practices

There have been no initial selections of accounting policies and practices.

Description of new or revised significant accounting policies and practices

There have been no new or revised significant accounting policies and practices.

Significant qualitative aspects

No matters to report.

Control deficiencies

Consideration of internal control over financial reporting (ICFR)

In planning and performing our audit, we considered ICFR relevant to the Entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on ICFR.

Our understanding of internal control over financial reporting was for the limited purpose described above and was not designed to identify all control deficiencies that might be significant deficiencies. The matters being reported are limited to those deficiencies that we have identified during the audit that we have concluded are of sufficient importance to merit being reported to those charged with governance.

Our awareness of control deficiencies varies with each audit and is influenced by the nature, timing, and extent of audit procedures performed, as well as other factors. Had we performed more extensive procedures on internal control over financial reporting, we might have identified more significant deficiencies to be reported or concluded that some of the reported significant deficiencies need not, in fact, have been reported.

A deficiency in internal control over financial reporting

A deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed, or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

Significant deficiencies in internal control over financial reporting

A deficiency, or a combination of deficiencies, in internal control over financial reporting that, in our judgment, is important enough to merit the attention of those charged with governance.

We did not identify any significant deficiencies in internal control over financial reporting.

Independence: Shared responsibilities

Auditor independence is a shared responsibility and most effective when management, audit committees, and audit firms work together in considering compliance with relevant independence rules. In order for KPMG to fulfill its professional responsibility to maintain and monitor independence, management, the audit committee, and KPMG each play an important role. We apply the following ethical requirements, including independence requirements, in:

- the rules of professional conduct / code of ethics applicable to the practice of public accounting issued by various professional accounting bodies in Canada (“CPA code”) that are relevant to audits of financial statements of non-reporting issuers; and
- the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants (“IESBA independence rule”) that are relevant to audits of financial statements of non-public interest entities.

The firm maintains a system of quality control over compliance with independence rules and firm policies. Timely information before the effective date of transactions or other business changes is necessary to effectively maintain the firm’s independence in relation to:

- New related entities
- Any former KPMG professional who are directors, officers, or employee in a position to exert significant influence over the preparation of the client’s accounting records or the financial statements.

- We will report to those charged with governance all relationships that may reasonably be thought to bear on our independence, including fees charged, and discuss the potential effects of such relationships on our independence. We will also report the related safeguards that have been applied, as applicable, to eliminate identified threats to independence or reduce them to an acceptable level.
- This communication, if any, will be provided during our year-end communications.

Independence

Under the newly effective *Narrow-scope Amendments to Canadian Auditing Standard (CAS) 700, Forming an Opinion and Reporting on Financial Statements, and CAS 260, Communication with Those Charged with Governance*, the auditor shall communicate with those charged with governance the relevant ethical requirements, including those related to independence, that the auditor applies for the audit engagement, including if applicable in the circumstances, any independence requirements specific to audits of financial statements of certain entities.

In accordance with this requirement, we communicate to the Committee that we apply the following ethical requirements, including independence requirements, in:

- the rules of professional conduct / code of ethics applicable to the practice of public accounting issued by various professional accounting bodies in Canada (“CPA Code”) that are relevant to audits of financial statements; and
- the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants that are relevant to audits of financial statements.

Required communications

2

Management representation letter

3

Current developments

4

Thought leadership and insights

5

Canadian sustainability reporting activities

Appendix 1: Required communications

Auditor's report

Refer to the draft report attached to the financial statements.

Engagement letter

The objectives of the audit, our responsibilities in carrying out our audit, as well as management's responsibilities, are set out in the engagement letter.

Independence

As required by professional standards, we have considered all relationships between KPMG and the Entity that may have a bearing on independence. We confirm that we are independent with respect to the Entity within the meaning of the relevant rules and related interpretations prescribed by the relevant professional bodies in Canada and any other standards or applicable legislation or regulation from January 1, 2025 up until the date of this report.

Management representation letter

We will obtain from management certain representations at the completion of the audit. In accordance with professional standards, a copy of the representation letter is attached.

Appendix 1: Required communications

Management's responsibilities

Under the auditing standards, we are required to obtain the agreement of management that it acknowledges and understands its responsibility. An audit of the annual financial statements does not relieve management or those charged with governance of their responsibilities. We have obtained management's acknowledgment and understanding of their responsibilities in the engagement letter and as described below:

- (a) the preparation and fair presentation of the annual financial statements in accordance with the financial reporting framework referred to above.*
- (b) providing us with all information of which management is aware that is relevant to the preparation of the financial statements ("relevant information") such as financial records, documentation and other matters, including:*
 - the names of all related parties and information regarding all relationships and transactions with related parties*
 - the complete minutes of meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared, of Council, and committees of Council that may affect the financial statements. All significant actions are to be included in such summaries.*
- (c) providing us with unrestricted access to such relevant information.*
- (d) providing us with complete responses to all enquiries made by us during the engagement.*
- (e) providing us with additional information that we may request from management for the purpose of the engagement*
- (f) providing us with unrestricted access to persons within the Entity from whom we determine it necessary to obtain evidence*
- (g) such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. Management also acknowledges and understands that they are responsible for the design, implementation and maintenance of internal control to prevent and detect fraud.*
- (h) ensuring that all transactions have been recorded and are reflected in the financial statements.*
- (i) ensuring that internal auditors providing direct assistance to us, if any, will be instructed to follow our instructions and that management, and others within the entity, will not intervene in the work the internal auditors perform for us.*
- (j) providing us with written representations required to be obtained under professional standards and written representations that we determine are necessary. Management also acknowledges and understands that, as required by professional standards, we may disclaim an audit opinion when management does not provide certain written representations required.*

DATE

We are writing at your request to confirm our understanding that your audit was for the purpose of expressing an opinion on the financial statements (hereinafter referred to as "financial statements") of Capital Region Housing Corporation ("the Entity") as at and for the period ended December 31, 2025.

General:

We confirm that the representations we make in this letter are in accordance with the definitions as set out in [Attachment I](#) to this letter.

We also confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves:

Responsibilities:

- 1) We have fulfilled our responsibilities, as set out in the terms of the engagement letter dated September 9, 2022, including for:
 - a) the preparation and fair presentation of the financial statements and believe that these financial statements have been prepared and present fairly in accordance with the relevant financial reporting framework.
 - b) providing you with all information of which we are aware that is relevant to the preparation of the financial statements ("relevant information"), such as financial records, documentation and other matters, including:
 - the names of all related parties and information regarding all relationships and transactions with related parties;
 - the complete minutes of meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared, board of directors and committees of the board of directors that may affect the financial statements. All significant actions are included in such summaries.

- c) providing you with unrestricted access to such relevant information.
- d) providing you with complete responses to all enquiries made by you during the engagement.
- e) providing you with additional information that you may request from us for the purpose of the engagement.
- f) providing you with unrestricted access to persons within the Entity from whom you determined it necessary to obtain audit evidence.
- g) such internal control as we determined is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. We also acknowledge and understand that we are responsible for the design, implementation, and maintenance of internal control to prevent and detect fraud.
- h) ensuring that all transactions have been recorded in the accounting records and are reflected in the financial statements.

Internal control over financial reporting:

- 2) We have communicated to you all deficiencies in the design and implementation or maintenance of internal control over financial reporting of which we are aware.

Fraud & non-compliance with laws and regulations:

- 3) We have disclosed to you the following matters and addressed them as required:
 - a) the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.
 - b) all information in relation to fraud or suspected fraud that we are aware of that involves:
 - management;
 - employees who have significant roles in internal control over financial reporting; or
 - otherswhere such fraud or suspected fraud could have a material effect on the financial statements.
 - c) all information in relation to allegations of fraud, or suspected fraud, affecting the financial statements, communicated by employees, former employees, analysts, regulators, or others.
 - d) all known instances of non-compliance or suspected non-compliance with laws and regulations, including all aspects of contractual agreements or illegal acts, whose effects should be considered when preparing financial statements.

- e) all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements.
- f) complete reviews or investigations into allegations of fraud or misconduct, when brought forward.
- g) take required actions arising from any reviews or investigations into allegations brought forward.
- h) provide available supporting information and documentation relevant to matters investigated.

Subsequent events:

- 4) All events subsequent to the date of the financial statements and for which the relevant financial reporting framework requires adjustment or disclosure in the financial statements have been adjusted or disclosed.

Related parties:

- 5) We have disclosed to you the identity of the Entity's related parties.
- 6) We have disclosed to you all the related party relationships and transactions/balances of which we are aware.
- 7) All related party relationships and transactions/balances have been appropriately accounted for and disclosed in accordance with the relevant financial reporting framework.

Estimates:

- 8) The methods, the data and the significant assumptions used in making accounting estimates, and their related disclosures are appropriate to achieve recognition, measurement or disclosure that is reasonable in the context of the applicable financial reporting framework.

Going concern:

- 9) We have provided you with all information relevant to the use of the going concern assumption in the financial statements.
- 10) We confirm that we are not aware of material uncertainties related to events or conditions that may cast significant doubt upon the Entity's ability to continue as a going concern.

Other:

- 11) We confirm that we have provided you with a complete list of service organizations (SO) and sub-service organizations (SSO) and that the relevant complementary user entity controls (CUECs) related to each SO/SSO have been designed and implemented. For the purpose of this representation, a service organization is one as defined in CAS 402.

Non-SEC registrants or non-reporting issuers:

- 12) We confirm that the Entity is not a Canadian reporting issuer (as defined under any applicable Canadian securities act) and is not a United States Securities and Exchange Commission ("SEC") Issuer (as defined by the Sarbanes-Oxley Act of 2002).
- 13) We also confirm that the financial statements of the Entity will not be included in the group financial statements of a Canadian reporting issuer audited by KPMG or an SEC Issuer audited by any member of the KPMG organization.

Yours very truly,

Ted Robbins, Chief Administrative Officer

Nelson Chan, Chief Financial Officer

Kevin Lorette, General Manager, Planning and Protective Services

Attachment I – Definitions

Materiality

Certain representations in this letter are described as being limited to matters that are material.

Information is material if omitting, misstating or obscuring it could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Judgments about materiality are made in light of surrounding circumstances, and are affected by perception of the needs of, or the characteristics of, the users of the financial statements and, the size or nature of a misstatement, or a combination of both while also considering the entity's own circumstances.

Information is obscured if it is communicated in a way that would have a similar effect for users of financial statements to omitting or misstating that information. The following are examples of circumstances that may result in material information being obscured:

- a) information regarding a material item, transaction or other event is disclosed in the financial statements but the language used is vague or unclear;
- b) information regarding a material item, transaction or other event is scattered throughout the financial statements;
- c) dissimilar items, transactions or other events are inappropriately aggregated;
- d) similar items, transactions or other events are inappropriately disaggregated; and
- e) the understandability of the financial statements is reduced as a result of material information being hidden by immaterial information to the extent that a primary user is unable to determine what information is material.

Fraud & error

Fraudulent financial reporting involves intentional misstatements including omissions of amounts or disclosures in financial statements to deceive financial statement users.

Misappropriation of assets involves the theft of an entity's assets. It is often accompanied by false or misleading records or documents in order to conceal the fact that the assets are missing or have been pledged without proper authorization.

An error is an unintentional misstatement in financial statements, including the omission of an amount or a disclosure.

Appendix 3: Current developments

Effective for periods beginning on or after December 15, 2024

ISA 260/CAS 260

.....
Communications
with those charged
with governance

Summary of Changes:

New requirements for the auditor to communicate:

- about the relevant ethical requirements, including those related to independence, that the auditor applied to the audit of the financial statements; and
- any enhanced independence requirement that the auditor applied specific to the audit of financial statements of certain entities.

ISA 700/CAS 700

.....
Forming an opinion
and reporting on
the financial
statements

Summary of Changes:

New requirements for the auditor to publicly disclose when the auditor applied independence requirements specific to audits of financial statements of certain entities WHEN the ethical requirements require public disclosure.

Appendix 3: Current developments (continued)

Accounting standards

Conceptual Framework for Financial Reporting in the Public Sector

Effective for years commencing on or after April 1, 2026 with early adoption permitted.

- The framework provides the core concepts and objectives underlying Canadian public sector accounting standards.
- The ten chapter conceptual framework defines and elaborates on the characteristics of public sector entities and their financial reporting objectives. Additional information is provided about financial statement objectives, qualitative characteristics and elements. General recognition and measurement criteria, and presentation concepts are introduced.

Financial Statement Presentation

Effective for years commencing on or after April 1, 2026 with early adoption permitted.

- The proposed section PS 1202 *Financial statement presentation* will replace the current section PS 1201 *Financial statement presentation*.
- The proposed section includes the following:
 - Relocation of the net debt indicator to its own statement called the statement of net financial assets/liabilities, with the calculation of net debt refined to ensure its original meaning is retained.
 - Separating liabilities into financial liabilities and non-financial liabilities.
 - Restructuring the statement of financial position to present total assets followed by total liabilities.
 - Changes to common terminology used in the financial statements, including re-naming accumulated surplus (deficit) to net assets (liabilities).
 - Removal of the statement of remeasurement gains (losses) with the information instead included on a new statement called the statement of changes in net assets (liabilities). This new statement would present the changes in each component of net assets (liabilities), including a new component called “accumulated other”.
 - A new provision whereby an entity can use an amended budget in certain circumstances.
 - Inclusion of disclosures related to risks and uncertainties that could affect the entity's financial position.

Example of a Typical Implementation Approach

Phase 1

- Understand the existing financial reporting processes.
- Examine chart of accounts and trial balance.
- Review accounting policy.
- Gap assessment and implementation plan.

Phase 2

- Data gathering and financial data analysis.
- Budget and performance reporting.
- System and software impacts.
- Implementation and compliance adjustments

Appendix 3: Current developments (continued)

Accounting standards (continued)

Employee Benefits

Effective for years commencing on or after April 1, 2029 with early adoption permitted.

- The Public Sector Accounting Board has issued a new standard PS 3251 *Employee benefits* which will replace the current sections PS 3250 *Retirement benefits* and PS 3255 *Post-employment benefits, compensated absences and termination benefits*.
- The standard uses principles from International Public Sector Accounting Standard 39 *Employee benefits* as a basis for the Canadian standard.
- The standard results in public sector entities recognizing the impact of revaluations of the net defined benefit liability (asset) immediately on the statement of financial position.
- The standard also requires that fully funded post-employment benefit plans use a discount rate based on the expected market-based return of plan assets and underfunded plans use a discount rate based on the market yield of government bonds, high-quality corporate bonds or another appropriate financial instrument. A simplified approach to determining a plan's funding status is provided.
- The standard also requires that:
 - Deferral provisions – Remeasurement gains and losses are presented as part of accumulated remeasurement gains and losses.
 - Valuation of plan assets – Upon adoption, public sector entities may continue to recognize non-transferable financial instruments balances that meet the definition of plan assets under existing PS 3250 guidance. This transitional provision does not permit the recognition of additional amount after adoption that do not meet the revised definition of plan assets.
 - Joint defined benefit plans – Defined benefit accounting is used for measurement of the proportionate share of the plan, instead of previously proposed multi-employer plan accounting which permitted accounting based on defined contribution concepts where insufficient information exists to use defined benefit accounting.
 - Disclosure of other long-term employee benefits and termination benefits – The standard does not include prescriptive disclosure requirements for other long-term employee benefits and termination benefits.
- The standard's guidance will be applied retroactively, with or without prior period restatement.

Appendix 3: Current developments (continued)

Accounting standards (continued)

Intangible Assets

Proposed to be effective for years commencing on or after April 1, 2030 with early adoption permitted.

- The Public Sector Accounting Standards Board has issued proposed new standard PS 3155 *Intangible Assets* which would replace Public Sector Guideline 8 *Purchased Intangibles*.
- The standard will include foundational guidance on acquired and internally generated intangibles. It excludes intangible assets addressed in other public sector accounting standards and other intangible items such as exploration and extraction costs for non-renewable resources or intangible assets related to insurance contracts.
- The definition of “intangible assets” requires an intangible resource to be separate and identifiable from goodwill. It also requires that the entity has control over the intangible resource, future economic benefits flow from the intangible resource, and the intangible resource is the result of a past transaction and/or other events.
- Internally generated goodwill is not permitted to be recognized as an asset.
- An intangible resource is recognized when it meets the definition of an intangible asset and the asset’s cost can be measured in a faithfully representative way. The generation of the asset is classified into a research phase and a development phase. Expenditures from the research phase of an internally generated project are expensed. An intangible asset arising from the development phase can be recognized if it meets certain requirements.
- Intangible assets are initially measured at cost and subsequently carried at cost less accumulated amortization and accumulated impairment losses. Intangible assets acquired through a non-exchange transaction are measured at fair value as of the date it is acquired.

Cloud Computing Arrangements

- As part of its intangible assets project, the Public Sector Accounting Standards Board is also developing guidance on cloud computing arrangements. To ensure the development of this accounting guidance reflects current practices and needs, a survey was used to gather insights. The survey will inform the Public Sector Accounting Board about the types of cloud computing arrangements being encountered, magnitude of costs, key arrangement terms, current accounting policies and unique challenges in practice.

Appendix 4: Thought leadership and insights

Half of Public Servants Turn to AI Raising Risks

KPMG survey finds public sector unready for AI, low literacy, need for digital sovereignty.

While less than a quarter (**22 per cent**) of Canadian public sector organizations have adopted artificial intelligence (AI), half of the public servants who use AI in their jobs rely on publicly available AI tools, exposing governments to potential risks including data privacy and security breaches, intellectual property theft and exposure to biased or inaccurate information that can lead to legal and ethical issues, finds a new KPMG in Canada research.

Intelligent Government

The emergence of generative AI, alongside advanced autonomous and agentic systems, is transforming how government and the public sector innovate and operate. Our findings reveal an actionable blueprint for governments and organizations aiming to leverage AI's potential to drive efficiency, reduce time-to-market and improve patient outcomes. This report provides insights into how they can take a value-based approach to AI that helps to accelerate innovation, unlock new growth opportunities, and maximize the impact of their AI investments.

KPMG 2025 Canadian CEO Outlook

Our 2025 CEO Outlook survey reveals a compelling paradox: Canadian CEOs are increasingly confident in the growth of their companies and industries, yet their optimism about the Canadian and global economies is waning.

Despite the evolving pressures, CEOs alike are proactively focusing on making their organizations more resilient to external shocks. They are not just reacting to changes, but are actively seeking ways to mitigate external risks, improve productivity and optimize revenue.

[Click here for more information](#)

Midyear Observations on the 2025 Board Agenda

Disruption, volatility, and uncertainty aren't new operating conditions by any means. But the assumptions that have long driven corporate thinking - the role of government, geopolitical norms, and consistency in US policies as administrations change, and the speed of technological advances—are being upended. Few business leaders have experienced the scope, complexity, and combination of issues companies are facing today—and many will earn their stripes in the months ahead.

[Click here for more information](#)

Accelerate

The Canadian business landscape is experiencing profound interconnected geopolitical, technological and sustainability challenges which are causing compound impacts on the balance sheet. The audit committee's role in stewarding their organization towards increased productivity, resilience, and growth has never been more essential.

Our *Accelerate* series strives to provide audit committees with actionable insights and clear guidance for navigating through these interconnected challenges.

Appendix 4: Thought leadership and insights (continued)

From Smart to Smarter Cities

Leveraging integration, data and enablement for sustainable and resilient urban transformations.

Cities are reaching a crisis point. City populations are growing. Citizen satisfaction with government services is weakening. And net zero deadlines are looming. Cities recognize that their traditional approaches to city planning, development, management and renewal will not get them to their goals in time. They must become smarter, more integrated, data-driven and enabling.

From Smart to Smarter Cities explores how a focus on becoming more integrated, data-driven and enabling can help city decision-makers, infrastructure leaders and private companies accelerate their smart city agendas.

In this report, professionals from KPMG's global network join with experienced industry and city leaders to unpack these three priorities – integrated, data-driven and enabling – across the lens of the six challenges facing cities today – urban planning, data and privacy, transportation and mobility, sustainability and social equity, governance and oversight, and funding and financing.

[Click here for more information](#)

Blueprint for Livable Economies

Unlocking livability through place-based business cases

Rapid urbanization, climate volatility, fiscal constraint and rising social expectations are exposing the limits of traditional approaches to urban planning and investment. The challenge is not a lack of ambition or funding, but rather how decisions are made, investments are structured and delivery is governed and coordinated. Addressing the gap between investment and outcomes requires cities to move beyond asset-level justification towards integrated, geography-specific portfolios and place-based business cases that reflect how places function and are experienced in practice.

Developed in collaboration by KPMG International, Davos Baukultur Alliance and UN-Habitat, this white paper supports that shift. Drawing on global case studies, executive insight and practical tools, it sets out how public sector leaders can apply a place-based approach using levers already within their control.

At the center of the paper is the *Blueprint for livable economies*, a decision-making framework designed to help city leaders, investors and partners align outcomes, economic pathways and delivery mechanisms.

Appendix 4: Thought leadership and insights (continued)

Our latest thinking on the issues that matter most to Boards, Committees and management.

KPMG Audit & Assurance Insights

Curated research and insights for audit Committees and Boards.

Board Leadership Centre

Leading insights to help board members maximize boardroom opportunities.

Sustainability Reporting

Resource centre on implementing the new Canadian reporting standards.

Audit Committee Guide – Canadian Edition

A practical guide providing insight into current challenges and leading practices shaping audit committee effectiveness in Canada.

Appendix 4: Thought leadership and insights (continued)

Where are Finance Teams adopting AI

Finance's role as a business partner has put them an ideal position to lead enterprise adoption

Generating commentary

Reduce the time and effort needed to create recurring materials required for financial reporting, business reviews, management reports, and board meetings.

Generating strategic insights

Partner with other functions to provide insights across the business. Use finance's position to inform strategic decisions and solve problems with pricing, performance, and benchmarking metrics.

Managing contracts

Generative AI tools can draft contracts with preferred term and prioritize contract reviews based on deviations from standard terms and conditions.

Forecasting & budgeting

Integrating predictive models, creating scenarios, and generating insights on potential financial outcomes.

Collecting marketing intelligence

Powerful research tool able to find and synthesize public data to generate insights on markets, competitors, and customers.

Detecting anomalies

Generative AI shows promise as a tool for detecting errors and potential fraud. It can compare new data with past patterns to identify anomalies.

AI naturally aligns to CFO's existing responsibilities related to business strategy, digital transformation, and risk management

Appendix 4: Thought leadership and insights (continued)

AI brings Risks as well as Opportunities

Internal Risks & Considerations

Breaking Confidentiality

Many Generative AI models are built to absorb user-inputted data to improve the model over time. This could lead to exposure of key confidential information

Employee Misuse and Inaccuracies

Models generate responses based on input, so there is a risk of providing false or malicious content. Employees need to be cautious and review AI-generated content with a critical

Talent Implications

Professionals need to be made aware of their role in training and evolving the solution as high-quality output can only be achieved through high-quality, expert queries

Policies and Regulations

As the world's understanding of AI evolves, more policies and regulations will be brought upon by regulators which in turn need to be complied with

External Risks & Considerations

Misinformation, Bias and Discrimination

The model could generate a response containing inappropriate information or language. In cases where the model does not have an accurate response, it may 'hallucinate' with a false response.

Financial, Brand & Reputational Risk

Copying AI-produced information or code into any deliverable or product could constitute copyright infringement leading to legal and reputational harm

Intellectual Property and Copyright

Risks in copyright includes the potential creation of unauthorized plagiarized content, leading to infringement and violations of intellectual property rights

Cybersecurity

Generative AI models could be trained and employed for many cybersecurity attacks such as phishing scams, malware, data poisoning etc.

Appendix 5: Canadian sustainability reporting activities

Get ready for Canadian Sustainability Standards Board (CSSB) sustainability disclosures

What was issued?

- The first Canadian Sustainability Disclosure Standards¹, which mark the next step towards equal prominence for sustainability and financial reporting in Canada.
- They are aligned with the IFRS[®] Sustainability Disclosure Standards, with the exception of effective date and transition relief.
- They are based on existing frameworks and standards, including Task Force on Climate-Related Financial Disclosures (TCFD) and Sustainability Accounting Standards Board (SASB).
- They are investor-focused.

What's the impact?

- Companies applying these standards will report on all relevant sustainability topics (not just on climate) under a consistent framework and focus on how these topics impact a company's prospects.
- Reporting will be connected to the financial statements. Therefore, companies will need processes and controls in place so that they can provide sustainability-related information of the same quality, and at the same time, as their financial information.

What's next?

- The standards are effective from January 1, 2025 on a voluntary basis.
- Canada's provincial and territorial regulators and legislators will determine whether application of the standards should be mandated, and if so, who will need to apply them and over what time frame.
- Some public and private companies may choose to apply them voluntarily – e.g., in response to investor or societal pressure.

¹ Canadian Sustainability Disclosure Standards – CSDS 1 *General Requirements for Disclosure of Sustainability-related Financial Information* and CSDS 2 *Climate-related Disclosures*, both published on December 18, 2024.
