

Motion with Notice
Capital Regional District Board
April 10, 2019

SUBJECT Climate Action Bonds

BACKGROUND

The Municipal Finance Authority will be coming to the May Board meeting at the Board's request to present on Joint and several liability. Since they will be attending the Board meeting, I would like to ask the Board to leverage MFA's attendance and ask for a report to the Board on the Socially Responsible Investment Initiative that was initiated by MFA so the Board can gain an understanding of where that initiative is at.

RECOMMENDATION

The Board direct staff to request that MFA provide the Board an update on the SRI initiative at the May Board Meeting.
