Iain Lawrence spoke to the staff report and the application for an exemption from the statutory requirement that the minimum frontage on the highway must be 10% of the perimeter of the lot, pursuant to Section 512 of the *Local Government Act* for the purpose of creating a two-lot subdivision.

Iain Lawrence highlighted the subject property and proposed subdivision plan, confirming that the applicant has submitted an application for a two-lot fee-simple subdivision (SU000722) and a separate subdivision application for a four-lot bare land strata subdivision (SU000721). It was further confirmed that proposed Lot 1 (SU000721) does not meet the minimum frontage requirement.

Iain Lawrence responded to a question from the LUC advising that the access easement noted on the proposed subdivision plan will not be the access to the subdivision.

Iain Lawrence spoke to the staff report addressing the provision of 5% park land or cash-in-lieu pursuant to Section 510 of the *Local Government Act* for the proposed four-lot subdivision.

Iain Lawrence highlighted the subject property and proposed subdivision plan, confirming that members of the Juan de Fuca Electoral Area Parks and Recreation Advisory Commission and the Community Parks and Recreation Manager visited the site and determined that a trail is not viable. Iain Lawrence further confirmed that the application agent is in attendance.

The agent confirmed that he is available to answer any questions, should the members have any questions.

Iain Lawrence responded to a question from the LUC advising that the applicant has applied to subdivide the property into two fee simple lots (SU000725) with a concurrent application to further subdivide one of the newly created parcels into three bare land strata lots (SU000726). 8. Receipt of a Housing Needs Report for the Juan de Fuca Electoral Area

Iain Lawrence provided background information on the housing needs assessment prepared for the Juan de Fuca Electoral Area.

Iain Lawrence confirmed that:

- the assessment report was prepared in response to the provincial government's directive that local governments prepare and publish housing needs reports every five years
- the Province has provided a total of \$5 million to assist local governments in the preparation of these reports
- the CRD Regional Housing division led the project to complete housing needs reports for 10 municipalities and the Juan de Fuca Electoral Area
- the assessment report does not provide recommendations
- the assessment report is intended to be used as a resource during the update of Official Community Plans

Iain Lawrence summarized the report's findings for the Juan de Fuca and responded to questions from the LUC advising that the CRD Regional Growth Strategy and the individual communities' official community plans restrict opportunities for multi-family housing units. It was confirmed that affordable housing in the Juan de Fuca is largely addressed through secondary/detached suites and that the report was initiated, in part, to address tax loopholes, money laundering and fraud associated with the real estate market in the Lower Mainland.

MOVED by Vern McConnell, **SECONDED** by Sandy Sinclair that the Land Use Committee recommends to the Capital Regional District (CRD) Board:

That the Juan de Fuca Electoral Area Housing Needs Report be received and published on the CRD website in accordance with the requirements of the *Local Government Act*.
