REPORT TO FINANCE COMMITTEE MEETING OF WEDNESDAY, MAY 06, 2026

SUBJECT **Capital Regional District External Grants 2025 Annual Report**

ISSUE SUMMARY

This report provides a summary of the Capital Regional District (CRD) external grants activity for the period of January 1, 2025 through December 31, 2025.

BACKGROUND

The CRD Grants team provides support to divisions across the organization as they pursue external grant opportunities with funders. Services apply for projects in alignment with their capital and service plans, adjusting and requesting amendments when opportunities unpredictably arise. The CRD Grants team informs divisions of upcoming opportunities, reviews applications, conducts research and engagement with external programs, advises on grant inquiries and regularly reports to the CRD Board through the Finance Committee on activity.

Appendix A details external grants application status for the period ended December 31, 2025. Any embargoed grant activity will be listed as pending until such grants can be publicly disclosed. This report also provides an update on the status of grant-funded projects (Appendix B) and an update on the Growing Communities Fund (GCF) (Appendix C).

The CRD has been reporting annually on grants since 2019. Staff track key performance indicators including application activity and amounts awarded. The availability of grant programs, a lengthy review process, the competitive nature of grants and the unpredictable receipt of large non-application and direct allocation grants such as GCF, can make it challenging to compare grant success on a year-by-year basis.

IMPLICATIONS

Financial Implications

4. Grant coordination and engagement with CRD services and grant agencies
5. Grant payments and financial administration

Table 1 provides a summary of external grants activity with a comparison to 2024.

Table 1: Grants Approved for 2025

	2025	2024
Non-Application, Direct Allocation Based External Grants Received	\$0.1M	\$.9M
Application Based External Grants Awarded <i>(2025 excl. housing = \$1.9M)</i>	\$32.3M	\$15.0M
Total	\$32.4M	\$15.9M
Rate of Return <i>(2025 excl. housing = 3.8x)</i>	32.9x	22.0x

Growing Communities Fund

The GCF provided \$1 billion across the province to support local governments with infrastructure projects necessary to enable community growth. The CRD received a one-time non-application direct allocation of \$11.6 million in 2023. The CRD Board approved the allocation to eight qualifying projects out of seventeen projects applied. The funding must be fully expended by March 2028 and the reporting is required until fully spent. Appendix C provides a financial and project status update for the funded projects.

Service Delivery Implications

Applying grants is often time-sensitive where programs launch unexpectedly, disrupting service and work plans. Staff endeavor to seek funding for projects identified in capital plans aligned with community needs (Appendix D); however, when opportunities arise adjustments and implications are brought forward for approval.

CONCLUSION

Staff continue to monitor and track key performance indicators, which are driven by the variability of external grant program availability. The CRD Grants team works with and across services to maximize funding opportunities. Staff proactively manage various processes for optimal financial management and adjust work plans when funding programs become available and where capacity and resources permit.
