Iain Lawrence:

We are writing in support of the temporary use permit for the microbrewery at 7861 Tugwell Road, Otter Point. Your file #TP 000009.

We own property at [redacted] We have commented previously on this matter in an earlier stage of the permitting process.

John and his family are running a very good business that we strongly support. The small changes they are seeking to make will have no negative impact on our neighborhood.

Sincerely yours,

Neil and Lynda McKinney
