

**REPORT TO STICKS ALLISON WATER LOCAL SERVICE COMMITTEE
MEETING OF TUESDAY, JUNE 17, 2025**

SUBJECT **Capital Projects and Operational Update – June 2025**

ISSUE SUMMARY

To provide the Sticks Allison Water Local Service Committee with capital project status reports and operational updates.

BACKGROUND

The Sticks Allison Water System is located on the north shore of Galiano Island in the Southern Gulf Islands Electoral Area and provides drinking water to approximately 37 customers. Capital Regional District (CRD) Infrastructure and Water Services is responsible for the overall operation of the water system with day-to-day operation, design and construction of water system facilities provided by the CRD Infrastructure, Planning and Engineering and Infrastructure Water Operations divisions. The quality of drinking water provided to customers in the Sticks Allison Water System is overseen by the CRD Water Quality division.

Capital Project Update

22-01 | Service Line Replacement (Provisional)

Project Description: Provisional account available to replace failed/leaking water service lines if/when required.

Project Rationale: Funds are required to be available to address potential water service leaks promptly if identified. This funding is considered provisional and will only be utilized if leaks are identified.

Project Update and Milestones:

Milestone	Completion Date
Operations will utilize funds to replace failed or leaking service lines.	As and when needed basis.

Operational Update

This is an operational update reporting period from February through April 2025.

- Regular operations and maintenance during this reporting period including the following preventative maintenance activities:
 - Annual electrical and instrumentation equipment.
 - Hydrant/standpipe equipment

- Routine operational formal safety inspections.
- Repairs and replacement of the corroded galvanized piping at the well and water treatment plant is underway. Work is anticipated to be completed by the end of May.

RECOMMENDATION

There is no recommendation. This report is for information only.
