Role and Responsibility of Committee

LHBC Committee

- Subject to Committee Bylaw No. 1875
- Provide input on the overall direction and delivery of services
- Recommend 5-year operating and capital budget for Regional Board approval
 - Set priorities and, recommend levels of user charges to be established by bylaw of the Regional Board
 - Recommend the extent of requisition to be collected by way of parcel taxes
- Advise on community interests and liaise with community on behalf of CRD.

Governance Overview

Committee Governance

- Committee Bylaw No. 1875
- CRD Procedures Bylaw No. 3828
- Roberts Rules of Order
- Community Charter and Open Meeting Rule
- Public Notice Required
- Quorum = Meeting
- When in doubt – ask staff!

Service Area

Service Overview

Lyall Harbour/Boot Cove Water

Lyall Harbour/Boot Cove was originally serviced by a private water utility and in 1978 the service converted to the Capital Regional District (CRD). The Lyall Harbour/Boot Cove water service is made up of:

- 173 parcels
- 164 single family equivalents
- Two raw water sources
- Money Lake Dam No.1
- Water Treatment Plant
- 136 cubic metre(36,000 Gallon) storage tank
- 7,100 metres of mostly 100mm (4") PVC water mains

Electoral Areas Services

- Committee support and facilitation
- Meeting coordination and legislative duties shared with Leg Services and IWS administrative staff
- Some operational functions
- CRD Evolves – phased implementation

Service Levels

Water Service Delivery

- Operational management for the supply, treatment, storage and transmission of retail water supply.
- Maintenance and repairs of Money Lake Dam No.1
- Retail billing services.
- Engineering and planning support.
- Asset management and maintenance planning.

Service Levels

Water Quality Monitoring

- Based on legislative requirements and a system specific water quality risk assessment: water quality sampling - collection, analysis and reporting
- Operational support (maintenance, repairs)
- Emergency response (e.g., spills, pipe breaks, public advisories)
- Research, planning and risk assessment support for long-term planning

Service Levels

Lab Services

- An ISO 17025 accredited, provincially approved lab providing analysis for CRD Drinking Water and Wastewater Systems
- Analyze physical, chemical, algal, and microbiological samples (source water and distribution systems)
- Provide defensible compliance results and inform CRD Water and Wastewater operations on system performance

Three Major Budget Components

Lyall Harbour/Boot Cove Water Budget

The service budget is mainly funded by a combination of tax requisitions and fixed user charges.

- The operating budget for 2026 is approximately **\$328,000**
- The capital budget for 2026 is estimated at **\$1,015,000**
- Capital projects are funded by a combination of reserves, grants and long-term debt
- Petition resulted in approval to borrow \$2M over 25 years

Capital Plan Key initiatives
