Good afternoon,

We wanted to follow up and confirm that the original email, as well as the response from the Ministry of Finance, have been shared with Minister Lana Popham. She has asked that we follow up and confirm receipt as well as acknowledge that this is something our Ministry is actively working on and pursuing. Any policy changes around farm classification will be proactively shared and communicated with local governments. The Minister appreciates the proactive letter of support addressed to the Minister of Finance.

Best regards,

Caroline Hogg *(She/Her)*

Executive Assistant to

The Honourable Minister Lana Popham

Parliamentary Secretary Harwinder Sandhu

Ministry of Agriculture and Food
