| SECTION 2: Project Information | | | |
| PROJECT TITLE The Epicentre Family Playground | | ELIGIBLE PROJECT CATEGORY Recreation Infrastructure | |
| DESCRIBE THE PROJECT PURPOSE (MAX. 800 CHARACTERS). The Epicentre Family Co-operative provides recreational programs for children and youth living on Pender Island. In addition to our indoor space, which is well used as a hub for after-school programs and events, the Society is working to create an interesting, challenging and multi-age outdoor playground, one that would allow us to extend our programs and promote fun and active living. The driving force behind revitalizing the outdoor play space is recognizing that our island's resources must grow with our youth in order to give them exciting and positive places to engage and be active. Pender Island is a growing community and offers many rural-living benefits; however it is imperative that we continue to offer dynamic recreation spaces for our children and youth. | | | |
| USING THE ELIGIBLE PROJECT EXAMPLES TABLE ON PAGES 9-10, IDENTIFY AN EXAMPLE PROJECT THAT RELATES MOST CLOSELY TO THE PROPOSED PROJECT (MAX. 200 CHARACTERS) Community centre that offers programming to the community at large. | | | |
| DESCRIBE HOW THE PROPOSED PROJECT IN ITS COMMUNITY CONTEXT RELATES TO THE ELIGIBLE PROJECT EXAMPLE IDENTIFIED ABOVE (MAX. 1000 CHARACTERS) We are aiming to create a fun, creative, engaging and challenging play space that can be enjoyed by island residents and visitors of all ages. The new playground will allow the Epicentre to offer new and enhanced programming for children and youth on the island, and will provide spaces for youth to play and socialize. Our fresh and improved playground will greatly enhance the Auchterlonie Centre which includes the Epicentre Family Co-operative, the Pender Island Library and non-profit Nu-Tu-Yu community thrift store. We estimate over 500 Pender Islanders will visit our playground with children, grandchildren or off island visitors. The Epicentre and Nu-Tu-Yu will enjoy using the playground and having a pleasant place to sit, picnic and watch the children play. | | | |
| DESCRIBE HOW THE PROJECT RELATES TO THE GAS TAX FUNDING OBJECTIVES OF SUPPORTING PRODUCTIVITY AND ECONOMIC GROWTH, A CLEAN ENVIRONMENT, AND STRONG CITIES AND COMMUNITIES. (MAX. 800 CHARACTERS) A vibrant and dynamic play space promotes healthy community values and is a nurturing and supportive facility for families. This attracts families and visitors and thus positively effects local economic growth. This project is regionally significant because Pender Island is a rural area and has few dedicated recreational facilities for youth to play and socialize. The playground's location meets an objective of relieving traffic congestion as it is accessible by school, community bus or Car Stop. It is in a safe area away from main traffic and is fenced. The project is also multi-modal, as it will be used by all ages and levels of ability. It will facilitate regional connection through recreation, play and exploration. | | | |
| SECTION 3: Project Administration and Sustainability Considerations | | | |
| PROJECT LEAD TITLE Epicentre Board Chair | NAME (LAST, FIRST) Christensen, Tina | EMAIL ADDRESS tlchristensen@shaw.ca | TEL. NO. (250) 629-3045 |
| IF THE PROJECT INVOLVES A TANGIBLE CAPITAL ASSET, HOW WILL THE COST OF SUSTAINING IT OVER ITS LIFECYCLE BE FUNDED? (MAX. 800 CHARACTERS) The Epicentre Family Playground will be a long-standing recreation space for the community to enjoy for years to come. Maintaining this space will be undertaken primarily by Epicentre members and community volunteers, and fundraising programs such as concessions and membership fees will be used for maintenance costs. The Epicentre pays into a building maintenance fund that can also be accessed for maintenance, where required. | | | |
