CRD report by Brad Atchison

**My reason(s) for appearing (is/are) and the substance of my presentation is as follows::**  
Brad Atchison has written and has sent a report to all of the CRD committee members. The title of this report is: CRD as Manager and Steward of Gonzales Hill Regional Park.

Assuming that the report has been read by the committee members, I will highlight and give reasons why this report should be taken seriously.

Will mention the Species-at-risk and the concern that I have about cutting a grove of Garry Oak for the purpose of development and the blasting impact (long-term) on the health of trees standing.

Historical commitment by the CRD in the 1980s to buy the land around the observatory for the very reason (habitat protection) that we are asking you to commit to saving this natural high point that abuts the Gonzales Hill Regional Park.

Also will personalize the experience of the park - education etc.

**I will have a PowerPoint or video presentation and will submit it at least 24 hours in advance of the meeting.:**
