Title	INVESTMENT POLICY	

1. Purpose

The purpose of the investment policy of the Capital Regional District (CRD) is to provide the framework for investment portfolio management. It is the policy of the CRD to invest CRD funds in a manner that will provide the optimal blend of investment security and return while meeting the short and long term cash flow demands and comply with the statutory requirement of the *Local Government Act*.

2. Scope

The investment policy applies to all cash operating funds, capital funds and reserve funds.

3. Objectives

The investment of funds must reflect a conservative management philosophy based on four fundamental objectives, in the following order of priority:

3.1 Safety of Principal

Investments shall be made to ensure preservation of capital within the portfolio. Preservation of capital is accomplished through placement of funds with creditworthy institutions and through portfolio diversification. Diversification is required to minimize potential losses on individual securities and to maximize the yield from a blend of financial products.

3.2 Liquidity

The investment portfolio shall remain sufficiently liquid to meet all reasonably anticipated operating requirements.

3.3 Responsible Investing

Where possible, socially responsible investing (SRI) and green investing criteria will be applied to the selection of investments. The CRD investment program will consider SRI products that adhere to statutory requirements and meet the objectives laid out in this policy. Organizations that adopt a socially responsible investment platform are preferred. Where SRI and green investments are within 5% of maximum available yields, SRI or green facilities will be exercised.

3.4 Return on Investment

The investment portfolio shall be designed with the objective of maximizing returns subject to the risk constraints and liquidity requirements of the CRD.

4. Standard of Care

4.1 Prudence

Investments shall be made with judgement and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs. Investments will not be made for speculation. Foremost will be consideration for the safety of capital. Staff must be aware of reasonably foreseeable risks, trends and fluctuations in the market, and be able to recognize unreasonable risks whilst ensuring the liquidity of the investment portfolio.

4.2 Ethics and Conflict of Interest

Staff responsible for investing shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair the ability to make impartial investment decisions.

4.3 Delegation of Authority

Authority to manage the CRD investment program is granted to the Chief Financial Officer and is derived from Section 237 of the *Local Government Act* as follows:

Section 237: One of the officer positions established under section 234 must be assigned the responsibility of financial administration, which includes the following powers, duties and functions investing funds, until required, in investments referred to in section 183 of the *Community Charter* (investment of municipal funds).

5. Credit Risk Monitoring

In addition to in-house monitoring, the CRD make use of the credit analysis available through its financial institutions, brokers, and credit rating institutions. This includes, but is not limited to the Dominion Bond Rating Service (DBRS), Standard & Poor's (S&P), and Moody's. It must be recognized that the use of any credit analysis is an assessment and not a guarantee for safety of principal.

6. Authorized and Suitable Investments

Money held by the Capital Regional District may be invested or reinvested according to section 183 of the Community Charter subject to the following conditions:

6.1 Investments in securities of a chartered bank or savings institution or any province must:

- i) Have a DBRS rating of R-1 (low) or higher for Short term debt and a rating of A- for Long term debt or Bonds or comparable ratings of another rating organization, indicating equal or superior credit quality (see Appendix 1 of the policy).

6.2 Investments in credit union deposits must carry adequate insurance protection through that credit union's respective insurance corporation.

6.3 Investments shall be held in the name of the CRD by approved institutions.

6.4 Investments in any one security issue shall not exceed 10% of that security issue.

6.5 Investments with any one financial institution shall not exceed 20% of the District's maximum annual investment portfolio. Due to market fluctuations, maximum percentages may be exceeded at a point in time. Securities need not be liquidated to rebalance the portfolio; however, consideration should be given to this matter when future purchases are made to ensure that appropriate diversification is maintained.

6.6 The percentage limits specified in items 6.4 and 6.5 do not apply to investments made in securities of Canada or provincially backed deposits.

6.7 All investments are to follow the constraints laid out per this Investment Policy. If an investment opportunity exists that lies outside of the constraints governing this policy, the Chief Financial Officer can make a recommendation to the Finance Committee to act on the opportunity. Any such investments must comply as an eligible investment defined in the Local Government Act. A maximum investment allocation not exceeding 20% of the total portfolio will be permitted.

7. Investment Parameters

7.1 Diversification

The CRD will diversify its cash reserve investments by security type and institution, taking into consideration the impact on return on investment.

7.2 Maturity

To the extent possible the CRD shall attempt to match its investments with anticipated cash flow requirements. However, because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio shall be continuously invested in readily available funds to meet ongoing obligations. Long term investments may be acquired if the maturity is related to a specific program, and is made to coincide as nearly as practicable with the expected use of the funds attached to that program.

8. Competitive Bids

The CRD shall solicit competitive verbal quotations for the purchase and sale of securities when it is prudent to do so. This policy recognizes that, from time to time, offerings of value may require immediate action. Under such circumstances competitive bids may not be sought provided that value can be substantiated by market data information services.

9. Authorized Investment Dealers and Financial Institutions

A list of approved investment dealers and financial institutions authorized to provide investment services will be maintained by the CRD. All qualified bidders for investment transactions will be members in good standing of the Investment Industry Regulatory Organization of Canada (IIROC), Mutual Fund Dealers Association (MFDA) or the B.C. Securities Commission.

10. Safekeeping and Custody

All security transactions entered into by the CRD shall be conducted on a delivery versus payment basis. The Chief Financial Officer must be satisfied that physical possession of the security is in possession or held by a custodial service.

11. Policy Review

This policy shall be reviewed periodically by the Chief Financial Officer to ensure congruence with changing activities of the CRD, market conditions, technology, evolving regulatory standards and private industry best practices. In addition, to insure periodic Finance Committee review, this policy will be reconsidered each time the CRD tenders its banking services.

12. Reporting

The Chief Financial Officer must report to the Finance Committee annually. The report must identify investment holdings and any deviations from policy.
