Partnerships		Description	Lead	Status
PARTNERSHIPS IN PROGRESS	Municipalities for Climate Innovation Program: Transition 2050 Partner Grants	<b>Partners:</b> City Green Solutions with input from CRD Climate Action Program, Home Performance Stakeholder Council, CRD, Victoria, Saanich, Esquimalt, Central Saanich, Campbell River, RD of Nanaimo, Comox Valley RD, Cowichan Valley RD, BC Hydro, BC government <b>Goal:</b> To mobilize government and industry collaboration and accelerate energy/carbon-reduction strategies and projects to double the emission reduction achieved from residential retrofits in program communities by 2021 while establishing a clear path to achieving medium term and 2050 targets. Total budget is \$800,100, comprised of FCM Grant (\$400,000) and Partner Contributions of cash and in-kind (\$400,100). This work is being done under the <b>CRD Climate Action Program - Parks and Environmental Services</b> .	City Green Solutions  (with input CRD Climate Action Program)	Approved
	UBC Sustainability Scholars Program funded by BC Hydro Sustainable Communities	<b>Partners:</b> Same as the Municipalities for Climate Innovation Program project described above; these 2 initiatives are complementary. <b>Goal:</b> Directly tied to the Transition 2050 project outlined above, this project is seeking 2 UBC Scholars to conduct data analysis and research related to deep home energy retrofits. BC Hydro is offering 100% funding support (\$5,625/Scholar) to advance innovative research projects that support the market and societal transition to low carbon communities with net-zero ready buildings and electrified transportation. On behalf of the Project Partners Team, the CRD has applied for 2 Scholars. As noted above, this work is being done under the <b>CRD Climate Action Program - Parks and Environmental Services</b> .	PES - Environmental Protection - CRD Climate Action Program	Approved
	Stewardship Centre of BC-Green Shores Restoration and Demonstration Project application to Fisheries and Oceans Canada (DFO) Coastal Restoration Fund.	<b>Partner:</b> Stewardship Centre of BC (SCBC), an eligible applicant to the DFO Canada Coastal Restoration Fund which will provide \$75 million over 5 years to support project that help restore coastal aquatic habitat. <b>Goal:</b> As this program is aimed at non-profits, the CRD is partnering with SCBC to build on the momentum of their collaboration from 2016-2019 in conducting Green Shores Workshops that provided in-depth knowledge on shoreline ecosystem principles and management practices. SCBC and CRD are continuing their collaboration by applying to the Coastal Restoration Fund for creating small Green Shores restoration demonstration sites and for continuing Green Shores training for biologists, engineers, planners, and landscape architects. To support the application, CRD is offering \$10,000 and \$30,000 in kind over a 3-year period. This work is being done under the <b>CRD Harbours &amp; Watersheds Program - Parks and Environmental Services</b> .	Stewardship Centre of BC with input from CRD Harbours & Watersheds	Application Declined
	The Pacific Institute for Climate Solutions (PICS) - Climate Solutions Research Partnership: Offering \$1M in this initial call to connect top researchers with policy and industry leaders to develop climate change solutions for BC.	As directed at CRD Board 2019-02-13 work is in progress toward a letter of intent (due February 15, 2019) involving the Capital Region. The UVIC Civil Engineering Dept. is the Lead. <b>Partners:</b> UVIC, Saanich, Victoria, Province of BC, and other potential government partners. <b>Theme:</b> Mitigation and adaptation through systems integration to support our Paris Agreement: local to federal actions for a resilient future. A regional-sub-project will be included to focus on CRD's response to <i>Climate Emergency Declaration and Meeting 2030 Regional Carbon Neutrality</i> . This work is being done with input form <b>CRD Climate Action Program - Parks and Environment Services</b> .	UVIC Civil Engineering	Board direction provided at 2019-02-13 meeting.
	Island Health is awarding community wellness program grants ato multi-jurisdictional/multi-agency projects .	<b>Partners:</b> School District No. 62 Sooke - Healthy Schools, Pacific Institute for Sport Excellence (PISE), Westshore Parks and Recreation, University of Victoria, and SEAPARC. <b>Goal:</b> The grant is being used to foster physical literacy training for teachers, boost physical activity levels for elementary school students, and build key relationships among the community partners. At SEAPARC and Westshore Parks and Recreation specifically, this initiative will provide before and after school physical literacy clubs. <b>Grant:</b> \$50,000. This work is being done in collaboration with <b>SEAPARC</b> .	School District No. 62 Sooke	Approved
	Michigan Square Housing Development Project - Victoria and CRHC.	<b>Partners:</b> Victoria and CRHC. The City of Victoria has approved a grant application to its Victoria Housing Reserve Fund from the Capital Region Housing Corporation to assist in the construction of 98 units of affordable housing for seniors, adults with disabilities, working singles and small families at Michigan Square located at 330-336 Michigan Street. <b>Grant:</b> \$1,395,000.	CRHC	Approved
	Adapting Together Project	<b>Partners:</b> ICLEI-Local Governments for Sustainability (Management) Inc., CRD, Colwood, Esquimalt, Saanich, Campbell River, Courtenay, Cowichan Valley Regional District, Port Alberni <b>Goal:</b> To build capacity in Capital Region District for integrating adaptation across the region, to collaborate with local stakeholders in carrying out vulnerability and risk assessments, prioritizing impacts, and developing a local community climate adaptation and action plan, and create a network of adaptive communities located on Vancouver Island. <b>Grant:</b> ICLEI Canada received \$150,000 of project funding from the <b>Real Estate Foundation of BC</b> . Project to occur between July 2018 and July 2020. CRD work is being done under the <b>CRD Climate Action Program - Parks and Environmental Services</b> .	ICLEI Canada	Approved
	Abandoned Boats Removal	<b>Partners:</b> Dead Boats Disposal Society (DBDS) and CRD <b>Goal:</b> To remove abandoned boats in regional harbours. <b>Grant:</b> DBDS is the lead on the application which has now been submitted to the Transport Canada Abandoned Boats Program . CRD has committed to cover 25% of the project cost. This work is being done under the <b>CRD Harbours &amp; Watersheds Program - Parks and Environmental Services</b> .	Dead Boats Disposal Society	Application submitted
	Settlement and Resettlement Assistance Program (SRAP)	<b>Partners:</b> The Intercultural Association is applying for the grant and the Regional Outcomes Monitoring group (hosted by the CRD ) is the secondary applicant and will provide support around data collection, analysis, and knowledge traslation around health and well-being outcomes for immigrants and refugees. <b>Goal:</b> SRAP is designed to help newcomers settle and adapt to life in Canada, setting them on a path to integration and full citizenship. This stream of the grant funds projects which promote research, capacity-building and coordination services. <b>Grant:</b> The Intercultural Association has submitted the application and a response is anticipated in the summer of 2019. CRD's involvement is occuring through the Regional OUtcomes Monitoring Group, which is hosted by the CRD - <b>Health &amp; Capital Planning Strategies - Planning and Protective Services</b> .	Intercultural Association	Application submitted

	Federal Infrastructure Funding	On August 2, 2017, Federal Minister Armjeet Sohi spoke to the CRD Committee of the Whole regarding future infrastructure funding. His presentation related to the information presented in his letter of July 6, 2017 to Premier Horgan.  On July 6, 2017, the Federal Infrastructure Minister announced that negotiations currently in progress will lead to the design of programs in British Columbia that will provide \$2.69 Billion for public transit; \$1.11 billion for green infrastructure; \$157 million for culture and recreational infrastructure; and \$166 million for rural and northern communities.	2018-04-02: Federal government promises \$4.1 billion over next decade for B.C. infrastructure Federal Infrastructure Funding Overview - Based on July2, 2017 letter to the Premier of BC (See Appendix B) 2017-08-02: Federal Minister Sohi presentation to the CRD Committee of the Whole  2018-04-12: 5-Year Federal-Provincial Partnership to Grow the Agricultural Economy (Note: this may include grant opportunities down the road.)
	See website links ( <i>if available</i> ) in the right-most column for program information available to date. Note that typically, infrastructure grants will require SHOVEL READY projects (e.g: Asset plan is current; design drawings and environmental assessments are complete; matching funding - usually 50%- is assigned.)
