

**Species-at-Risk Act****Listed Species in the GVWSA by Category**

(See SARA, BC List and Provincial Conservation Status Codes at End)

Scientific Name	Common Name	SARA Status	BC List Status	Provincial Conservation Status
<b>Mammals</b>				
<i>Gulo Gulo Vancouverensis</i>	Wolverine, <i>vancouverensis</i> subspecies	1-SC (2018)	Blue	S3 (2010)
<i>Myotis Lucifugus</i>	Little Brown Myotis	1-E (2014)	Yellow	S4 (2015)
<b>Birds</b>				
<i>Accipiter Gentilis Laingi</i>	Northern Goshawk, <i>laingi</i> subspecies	1-T (2003)	Red	S2 (2010)
<i>Aegolius Acadicus Brooksi</i>	Northern Saw-whet Owl, <i>brooksi</i> subspecies	1-T (2007)	Blue	S2S3 (2017)
<i>Ardea Herodias Fannini</i>	Great Blue Heron, <i>fannini</i> subspecies	1-SC (2010)	Blue	S2S3B, S4N (2018)
<i>Brachyramphus Marmoratus</i>	Marbled Murrelet	1-T (2003)	Blue	S3B, S3N (2015)
<i>Chordeiles Minor</i>	Common Nighthawk	1-T (2010)	Yellow	S4B (2015)
<i>Coccothraustes Vespertinus</i>	Evening Grosbeak	1-SC (2019)	Yellow	S5 (2015)
<i>Contopus Cooperi</i>	Olive-sided Flycatcher	1-T (2010)	Blue	S3S4B (2015)
<i>Falco Peregrinus Anatum</i>	Peregrine Falcon, <i>anatum</i> subspecies	1-SC (2012)	Red	S2? (2011)
<i>Falco Peregrinus Pealei</i>	Peregrine Falcon, <i>pealei</i> subspecies	1-SC (2003)	Blue	S3S4 (2019)
<i>Hirundo Rustica</i>	Barn Swallow	1-T (2017)	Blue	S3S4B (2015)
<i>Megascops Kennicottii</i>	Western Screech-Owl, <i>kennicottii</i> subspecies	1-T (2005)	Blue	S2S3 (2017)
<i>Patagioenas Fasciata</i>	Band-tailed Pigeon	1-SC (2011)	Blue	S3S4 (2015)
<b>Reptiles And Amphibians</b>				
<i>Anaxyrus Boreas</i>	Western Toad	1-SC (2018)	Yellow	S4 (2016)
<i>Aneides Vagrans</i>	Wandering Salamander	1-SC (2018)	Blue	S3 (2016)
<i>Chrysemys Picta</i>	Painted Turtle - Pacific Coast Population	1-E (2007)	Red	S1S2 (2018)
<i>Contia Tenuis</i>	Sharp-tailed Snake	1-E (2003)	Red	S1S2 (2018)
<i>Rana Aurora</i>	Northern Red-legged Frog	1-SC (2005)	Blue	S3 (2016)

## APPENDIX D

Scientific Name	Common Name	SARA Status	BC List Status	Provincial Conservation Status
<b>Snails And Slugs</b>				
Allogona Townsendiana	Oregon Forestsnail	1-E (2005)	Red	S2 (2015)
Cryptomastix Devia	Puget Oregonian	1-XX (2005)	Red	SX (2015)
Hemphillia Dromedarius	Dromedary Jumping-slug	1-T (2005)	Red	S2 (2015)
Hemphillia Glandulosa	Warty Jumping-slug	1-SC (2005)	Red	S2? (2015)
Nearctula Sp. 1	Threaded Vertigo	1-SC (2012)	Blue	S3 (2015)
Prophysaon Coeruleum	Blue-grey Taildropper	1-T (2019)	Blue	S2S3 (2015)
<b>Insects</b>				
Euphyes Vestris	Dun Skipper	1-T (2003)	Blue	S2S3 (2020)
<b>Vascular Plants</b>				
Bidens Amplissima	Vancouver Island beggarticks	1-SC (2003)	Blue	S3 (2019)
Meconella Oregana	White meconella	1-E (2006)	Red	S1S2 (2019)
<b>Mosses</b>				
Entosthodon Fascicularis	Banded cord-moss	1-SC (2006)	Blue	S2S3 (2015)

**SARA Codes and (year of last review)**

XX = EXTINCT: A species that no longer exists.

XT = EXTIRPATED: A species that no longer exists in the wild in Canada, but occurring elsewhere.

E = ENDANGERED: A species facing imminent extirpation or extinction.

T = THREATENED: A species that is likely to become endangered if limiting factors are not reversed.

SC = SPECIAL CONCERN: A species of special concern because of characteristics that make it is particularly sensitive to human activities or natural events.

**BC List Codes**

**Extinct:** Species that no longer exist. This status is only assigned if the Global Conservation Status rank is GX.

**Red:** Includes any native species or ecological communities that have, or are candidates for, Extirpated, Endangered, or Threatened status in British Columbia. Extirpated species no longer exist in the wild in British Columbia, but do occur elsewhere. Endangered species and ecological communities are facing imminent extirpation or extinction. Threatened species and ecological communities are likely to become endangered if limiting factors are not reversed. Not all Red-listed species or ecological communities will necessarily become formally designated. Placing species or ecological communities on these lists flags them as being at risk and requiring investigation.

**Blue:** Includes any native species or ecological community considered to be of Special Concern (formerly Vulnerable) in British Columbia. Species or ecological communities of Special Concern have characteristics that make them particularly sensitive or vulnerable to human activities or natural events. Blue-listed species or ecological communities are at risk, but are not Extirpated, Endangered or Threatened.

**Yellow:** Includes species or ecological communities that are apparently secure and not at risk of extinction. Yellow-listed species may have red- or blue-listed subspecies.

**Provincial Conservation Status Codes**

Provincial Status applies to a species' or ecological community's conservation status in British Columbia. The number in parenthesis is the year the status rank was last reviewed.

The status ranks have the following meaning:

SX = presumed extirpated

SH = historical (species)/possibly extirpated (communities)

S1 = critically imperiled

S2 = imperiled

S3 = special concern, vulnerable to extirpation or extinction

S4 = apparently secure

S5 = demonstrably widespread, abundant, and secure.

NA = not applicable

NR = unranked

SU = unrankable
