Iain Lawrence spoke to the staff report and request to rezone a portion of the subject property to permit a brewery with lounge, picnic area, retail sales and a country market, and to realign the existing split zoning boundary to separate current and proposed uses.

Iain Lawrence highlighted the subject property map and aerial image and advised that the LUC directed referral of the proposal to agencies and to the Shirley/Jordan Advisory Planning Commission (APC) at its November 17, 2020, meeting.

Iain Lawrence reported that:

- proposed Bylaw No. 4381 has been amended in response to feedback from the APC to decrease the proposed floor area from 4,000 m<sup>2</sup> in the Wildwood Terrace Neighbourhood Commercial (C-1A) to 2,000 m<sup>2</sup>
- the proposed shift in the zone boundary would remove an area used for forestry and gravel processing from the C-1A zone area
- through discussions with the applicant, a floor area of 2,000 m<sup>2</sup> is considered sufficient for the adjusted C-1A zone area
- the applicant hosted a public open house for residents in response to feedback from the APC
- proposed Bylaw No. 4381 has been further amended in response to public input at the open house to add *country market* use to the C-1A zone
- the APC was not supportive of the proposed endorsements for an onsite store, picnic area, lounge and special event area; however, the proposed endorsements add the required neighbourhood commercial character to align with the Pacific Acreage policy, whereas food and beverage processing alone are more industrial
- endorsements under the Provincially approved manufacturer's licence for a brewery require additional local government and public consultation that will be considered separate from the rezoning

Iain Lawrence outlined the referral comments as included in the staff report. Further to the referral comment received from CRD Building Inspection, staff recommended that the outline motion relating to building permit requirements be amended. The amendment is requested to recognize that the subject property is Private Managed Forest Land and, as such, not all existing structures on the subject property may require building permits.

Iain Lawrence directed attention to the submission of support included in the supplementary agenda and confirmed that the applicants were present.

An applicant stated that:

- a forestry company leases a portion of the subject property
- some of the buildings are held by the leaseholder
- he is working with the leaseholder to address building items

**MOVED** by Vern McConnell, **SECONDED** by Sandy Sinclair that the Juan de Fuca Land Use Committee recommends to the Capital Regional District Board:

- a) That the referral of proposed Bylaw No. 4381, "Juan de Fuca Land Use Bylaw, 1992, Amendment Bylaw No. 149, 2020" directed by the Juan de Fuca Land Use Committee to the Shirley/Jordan River Advisory Planning Commission, appropriate CRD departments, BC Hydro, District of Sooke, FLNR - Archaeology Branch, Island Health, Liquor and Cannabis Regulation Branch, Managed Forest Land Council, Ministry of Environment & Climate Change Strategy – Water Stewardship Division, Ministry of Forests, Lands, Natural Resource Operations and Rural Development, Ministry of Public Safety & Emergency Services – Wildfire Service, Ministry of Transportation & Infrastructure, Pacheedaht First Nation, RCMP, Sooke School District #62, and T'Sou-ke First Nation be approved and the comments received;
- b) That proposed Bylaw No. 4381, "Juan de Fuca Land Use Bylaw, 1992, Amendment Bylaw No. 149, 2020" be introduced and read a first time and read a second time; and
- c) That in accordance with the provision of section 469 of the *Local Government Act*, the Director for the Juan de Fuca Electoral Area, or Alternate Director, be delegated

authority to hold a Public Hearing with respect to Bylaw No. 4381.

- d) That prior to adoption of the bylaw, the applicant:
- i) Provide confirmation that a Contaminated Site Release has been issued by the Province;
  - ii) Provide confirmation that a commercial access permit has been issued by the Province;
  - iii) Secure a covenant on title pursuant to Section 219 of the *Land Title Act* in favour of the CRD requiring that a fire suppression sprinkler system be installed in all buildings and structures;
  - iv) Provide confirmation that any outstanding building permits for existing buildings are addressed to the satisfaction of the CRD Chief Building Inspector.

**CARRIED**

**b) RZ000271 – PID: 006-452-230 (9662 West Coast Road)**

Iain Lawrence spoke to the staff report and the application to amend the Forestry (AF) zone to add a site specific provision to permit an accessory portable sawmill and associated log and lumber storage uses on the subject property as the current operation has expanded beyond the scope of the Home Industry regulations.

Iain Lawrence highlighted the subject property map and advised that the LUC directed referral of the proposal to agencies and to the Shirley/Jordan Advisory Planning Commission (APC) at its March 16, 2021, meeting.

Iain Lawrence outlined the referral comments as included in the staff report. Further to the referral comment received from the Ministry of Transportation and Infrastructure, Iain Lawrence confirmed that the applicant has received a highway access permit.

Further to comments received by the APC, Iain Lawrence reported that proposed Bylaw No. 4407 has been amended to regulate the scale of the proposed portable sawmill operation, noise and nuisance, and visual screening. Iain Lawrence outlined the specific changes made to Bylaw No. 4407.

Iain Lawrence responded to questions from the LUC advising that:

- noise levels would be measured from the property line, if a noise complaint was received
- a decibel level between 40-60 dB is considered to cover average home noise – normal conversation
- Bylaw No. 4407 would permit a maximum decibel level of 55 dB, when measured at the property line, for the portable sawmill operation
- Juan de Fuca has a noise bylaw (Bylaw No. 3441), but the bylaw does not specifically address the sawmill use

Iain Lawrence directed attention to the supplementary agenda.

Tony White, Shirley, spoke to his submission and stated that:

- he lives across the road from the subject property
- the sawmill operation currently runs four hours a day
- four hours a day is too much
- he is retired and would like to enjoy spending more time at home
- he has worked hard for his property
