Summary Review of Waste-to-Energy Options

[At the September 16 2020 Environmental Services Committee, direction was given that the Esquimalt Integrated Resource Management study be placed in the report as an appendix of this item for review at the next Board meeting, and the following motion was amended:]

The Environmental Services Committee recommends to the Capital Regional District Board:
That this report be received for information.

That the staff explore the Enerkem Biofuels Facility to augment the previous CRD completed work and as a secondary option, explore the Nova Scotia Chester demonstration municipal waste processing facility.
