### Capital Regional District Regional Parks - Revenue Generation Strategy - 2021-2024

[At the February 24, 2021 Regional Parks Committee meeting, the staff recommendation was further amended and then defeated. The following motion arising was then carried:]

That the Regional Parks Committee recommends to the Capital Regional District Board:

1. Endorses the appropriateness of the property tax requisition as the primary revenue source for Regional Parks operating costs; and
2. Directs staff to report back during the Regional Parks Strategic Planning process on additional options for parking revenues in Regional Parks, with a view toward (a) maintaining accessibility for diverse parks users, and (b) ensuring fairness for users across the regional parks system.
