7/14/2021	1	Capital Regional District Board		

### Proposed Seagirt Improvement District (SID) Conversion

That the Juan de Fuca Water Distribution Commission recommends that the Capital Regional District Board direct staff to:

1. Commence a service conversion process with the Province to convert the Seagirt Improvement District (SID) to a Capital Regional District (CRD) service which, when concluded, would result in incorporating the SID water infrastructure into the Juan de Fuca Water Distribution Service; and establishing a new service for the purpose of CRD financing of the infrastructure improvements required as a condition of conversion, and dissolving the SID; and
  2. Apply for any available conversion or infrastructure grants on SID's behalf.
