Ecological Asset Management Plan

[At the October 13, 2021 CRD Board meeting, the staff report recommendation was carried and the following motion arising from the First Nations Relations Committee was referred to the next strategic planning check-in:]

That the Capital Regional District Board amend the description of Priority 3a-4 in the 2019-2022 Strategic Plan, so that it reads as follows:

Initiate ecological asset management planning that includes natural infrastructure, First Nations guiding principles, First Nations language & place names, historical uses & invasive species management.
