Regional Invasive Species Coordinator - Alternative Service Options

[The following staff recommendation was referred to the Committee of the Whole by the Environmental Services Committee]

That it be recommended to the Capital Regional District Board:

1. That the Capital Regional District support regional coordination of invasive species management (communication, education, and cooperation) through the Climate Action Service; and
2. That the new program be supported by a half-time (0.5 FTE) coordinator funded through existing Regional Parks, Environmental Protection, and Integrated Water Services budgets, and provincial funding for 2018, and that staff propose service level changes, if necessary, for 2019 and beyond.
